AWARD MESSAGE

Tony has done an outstanding job gaining client trust and supporting the mission. He is sought after by both our Booz team members and the client for his expertise. The client sent the below kudos about Tony's support to express his gratitude and appreciation: " I would like to express appreciation for one of the current personnel within my section, Tony Rosa. Tony never complains, always up to the task and willing to go the extra mile, ensuring mission success. an incredible wealth of technical knowledge, real world experience and practical application of that knowledge to drive through challenges and validate accuracy of data. The job we do requires a special individual capable of sifting through multiple information streams to capture highlights and seek out root causes. Tony has this in spades. As we collectively move forward to satisfy the expanding Cyber Fusion Cell charter, I couldn't have more confidence working shoulder-to-shoulder with such professional individuals."
